

# Jill Peterson, DDS, MPH, PhD

## Uptown Endodontics, PA

In a relaxed and friendly atmosphere, Dr. Jill Peterson and close-knit staff of five highly trained, experienced, and dedicated employees provide the highest level of patient care. Endodontists are leaders in applying advanced technologies, such as ultrasonics, digital imaging and operating microscopes to their daily practice, and use these tools in performing their most important task—saving natural teeth. Patients and dentists alike rely on endodontists for their expertise in diagnosing oral/facial pain, and providing quick, effective pain relief. “I enjoy the challenge of endodontics and caring for each patient’s specific needs,” said Dr. Peterson. The entire staff shares a conservative treatment philosophy and is committed to staying on the cutting edge of the latest dental technology with countless continuing education hours each year.

A native of Colorado, Dr. Jill Peterson received her Bachelors of Science degree from Hillsdale College in Michigan. In 1997, Dr. Peterson concurrently completed her DDS from Baylor College of Dentistry and her Masters of Public Health degree from the University of North Texas Health Science Center in Fort Worth. Dr. Peterson completed her residency in Endodontics and PhD in Biomedical Sciences with an emphasis in Craniofacial Biology.

Community involvement has always been important to Dr. Peterson. Growing up in Colorado, she was active in 4-H and in June of 2012 she was honored to be inducted into the Colorado 4-H Hall of Fame. She continues to be actively involved in the Arlington area in a variety of ways. Working with Arlington ISD’s Job Track Intern Program, Dr. Peterson has trained 6 high school students and 2 college students through Baylor College of Dentistry as interns exploring dentistry as a possible career. “It is critical to the growth and development of teenagers to have women in leadership positions to help them better define what they want to do with their futures,” said Dr. Peterson. Uptown Endodontics, PA supports Sheltie Rescue and the Arlington Police Canine Unit because Dr. Peterson is a strong animal advocate. Dr. Peterson is also funding a professorship in her mother’s name at the University of Dallas School of Ministry. ///
